ABOUT US

Powering Industrial Excellence

Ajit Electricals is a leading manufacturer of electrical control panels and industrial automation solutions. With years of expertise in the electrical industry, we have established ourselves as a trusted partner for businesses seeking reliable, high-quality electrical solutions.

As an ISO 9001:2015 certified company, we are committed to delivering excellence in every project we undertake. Our state-of-the-art manufacturing facility, combined with our skilled technical team, enables us to produce control panels that meet the highest international standards.

We specialize in the design, manufacturing, and commissioning of all types of electrical control panels including LT Panels, MCC Panels, PCC Panels, Fire, VFD Panels, PLC Automation Panels, and custom-built solutions tailored to specific industrial requirements.

Our commitment to quality, safety, customization, and on-time delivery has earned us the trust of clients across diverse industries including manufacturing, pharmaceuticals, food & beverage, infrastructure, and power & energy sectors.

Our Core Values:

- Quality Excellence
- Safety First
- Customer Focus
- Innovation
- Integrity

OUR PRODUCTS & SOLUTIONS

LT PANELS

Low Tension Panels for power distribution up to 1000V with comprehensive protection features.

PCC PANELS

Power Control Centers for main power distribution with ACB/MCCB configurations.

MCC PANELS

Motor Control Centers for centralized control of multiple motors with intelligent starters.

VFD PANELS

Variable Frequency Drive panels for precise motor speed control and energy savings.

PLC PANELS

Programmable Logic Controller panels with HMI integration for process automation.

SCADA PANELS

Supervisory Control and Data Acquisition systems for complete process monitoring.

APFC PANELS

Automatic Power Factor Correction panels for energy efficiency and reduced power bills.

AMF PANELS

Automatic Mains Failure panels for seamless DG set switching during power failures.

Also Manufacturing: Synchronizing Panels | Distribution Boards | Bus Duct Systems | Custom-Built Panels

MANUFACTURING & QUALITY

1

IN-HOUSE DESIGN
Our experienced engineering team provides complete design solutions using advanced CAD software and industry best practices.

2

SKILLED FABRICATION
State-of-the-art manufacturing facility with modern machinery for precise panel fabrication and assembly.

3

QUALITY TESTING
Comprehensive testing protocols including insulation resistance, continuity, and functional testing before dispatch.

4

ISO CERTIFIED
Our quality management system is ISO 9001:2015 certified, ensuring consistent quality in every product.

COMPLIANCE & STANDARDS

IEC | IS | BS | NEMA | IP Ratings | UL Standards (as applicable in products)

INDUSTRIES WE SERVE

MANUFACTURING

Complete electrical solutions for production facilities & services

PHARMACEUTICALS

Compliant panels for clean room environments and critical

FOOD & BEVERAGE

Hygienic electrical solutions for processing and packaging

INFRASTRUCTURE

Power distribution for buildings, malls, and commercial

POWER & ENERGY

Reliable panels for power generation and distribution

WATER TREATMENT

Automation panels for STP, WTP, and water distribution systems.

HVAC

Control panels for heating, ventilation, and air

STEEL & TEXTILE

Robust electrical solutions for heavy industrial applications.

WHY CHOOSE US

ISO CERTIFIED COMPANY
ISO 9001:2015 certified quality management system ensuring consistent product excellence.

✓

CUSTOMIZED SOLUTIONS
Tailor-made control panels designed as per your specific requirements and specifications.

✓

HIGH QUALITY COMPONENTS
We use world-class components from leading brands like Siemens, ABB, Schneider, and more.

✓

ON-TIME DELIVERY
Committed to meeting project timelines with efficient manufacturing and logistics.

✓

COMPETITIVE PRICING
Best value for your investment without compromising on quality and safety.

✓

AFTER-SALES SUPPORT
Comprehensive technical support, maintenance, and service for all our products.

✓

TRUSTED COMPONENT PARTNERS

Siemens | ABB | Schneider Electric | Allen-Bradley | Honeywell | Polycab | Connectwell | LK
